

### Leggiero (waterless cooking pot) wins iF Design Award 2022 Second award after Red Dot Design Award 2022

Rinnai Corporation (headquarters: Nagoya, Aichi; president: Hiroyasu Naito) has received an iF Design Award 2022 (sponsored by iF International Forum Design GmbH) for its Leggiero waterless cooking pot. The iF Design Award is one of the world's most prestigious design awards and has been presented annually since 1953. The 2022 awards attracted around 11,000 applications that were meticulously evaluated by 132 design experts, and Rinnai received an award for Leggiero in the Product segment. Rinnai also received a Red Dot Award 2022 for Leggiero.\*1

#### Winning product of iF Design Award 2022

Delicious, hassle-free meals every day

#### Leggiero (waterless cooking pot)

The concept of the Leggiero cooking pot is “simple and high quality.” The simple form of the product has no unnecessary elements and blends in well with any kitchen space. Its overwhelming lightness also makes it easy to use on a daily basis. The Leggiero pot incorporates Rinnai’s proprietary technology, cultivated through years of experience in gas stove development, to deliver a superior cooking performance. Rinnai also used high-precision machining technology to ensure careful attention to all details, including shape and dimensions of body and lid.
